

Delta Teachers' Association

TTOC Callout Tracking 2022 – 2023

School _____

The DTA is attempting to collect information on the prevalence and impact of the TTOC shortage and the resulting failure to fill vacancies. Please complete and submit by email to brianna@deltateachers.org on a **monthly** basis. The amount of lost service will be used in grievance and for advocacy purposes.

It is best if Staff Reps maintain information at the school level or keep it in a place members can easily access to record information about names, dates and reasons of any failures to fill.

In the **reasons who covered/what happened box**, please indicate the following:

- A** If a non-enrolling teacher was redeployed – service to students lost (LST/ ITT/ band/PE)
- B** If the library was closed due to redeployment
- C** District / itinerant members redeployed – service to students lost
- D** Delayed Prep time provision

We do not need information on this form about a teacher on prep covering for another teacher and it was then made up. If preps are not being made up in a timely fashion, please call or email the DTA directly.

Dates	Teachers who requested TTOC & wasn't replaced. Indicate assignment.	Result What happened? And/or who covered?	Any related details
